## **Mystic Pharmaceuticals to Present at Infocast 9<sup>th</sup> Annual Biodefense Vaccines and Therapeutics Conference in Washington D.C.**

**AUSTIN, TX – July 12, 2011** – Mystic Pharmaceuticals, Inc. will present at the 9<sup>th</sup> Annual Biodefense Vaccines and Therapeutics Conference at the Almas Temple Club in Washington D.C., July 20-22, 2011. The annual conference provides a forum for senior government representatives to present vital information about new public health initiatives that facilitate growth in U.S. biodefense preparedness and countermeasures pipeline.

Mystic CEO Timothy Sullivan will present on the topic of “Novel Advances in Rapid Manufacturing, Deployment and Delivery of Intranasal Administered CBRN Countermeasures” at the Developments in Biodefense Technology Platforms pre-conference symposium on July 20, 2011. Symposium speakers, including leading biodefense researchers from academia and industry, will provide the latest in technology platform projects intended to impact multiple medical countermeasures products, and improve the capabilities to meet bioterrorist and emerging infectious disease threats.

Sullivan will provide an overview of Mystic’s VersiDoser™ and VRx2™ delivery platforms for drugs and biologics, and a recently patented manufacturing technology for rapid fill fit finish of CBRN countermeasures in novel unit dose form.

### **About Mystic Pharmaceuticals, Inc.**

Mystic Pharmaceuticals™ is an integrated specialty pharmaceutical company based in Austin, Texas. Mystic provides precision unit dose delivery solutions for pharmaceuticals, biopharmaceuticals and biologics for intranasal, ophthalmic, sublingual, and otic applications. Mystic combines its novel delivery systems with pharmaceuticals and biologics under development by Mystic and its partners, to meet the expanding global market demand for healthcare products that are safer, simpler to use and cost effective.
